### DRINK RIMMERS

---

**MARGARITA RIMMER** The margarita is one of the world's most festive drinks. We've taken some creative license with the margarita's traditional salt rim and imported lots of south-of-the-border savor.

**BLOODY MARY RIMMER** The "Bloody" is one of the worlds favorite cocktails. Invented in Paris in the 1920's, it became an overnight sensation. Now, we encourage you to take a bit of liberation license and embellish the mouth of your mary with our sensational rimmer.

**RUM DRINK RIMMER** Rum is a magical and transportive libation evoking palm trees and aquamarine seas of the Caribbean. Sailors of the Royal Navy were fond of a concoction of rum, water, and lime juice called 'grog'. While Britannia no longer rules the waves, you can rule your favorite rum drink.

**COFFEE COCOA RIMMER** Coffee perks up many peoples day. Hot cocoa warms the souls of little and big folks alike when the weather outside is frightful. Now you can elevate the daily grind to the extraordinary or make that hot cocoa indulgence even sweeter by gliding your cup or mug with our magnificent mocha rimmer.

**LEMON RIMMER** Nothing quenches heat-induced thirst like the taste of lemon. Make those icy tall glasses of lemonade and ice tea extra lemony and cooling with a sweet and minty rim of our lemon sugar.

**COSMOPOLITAN RIMMER** The Cosmo is truly one of the world's most splendid cocktails. A mere sip seems to make everyone more interesting. Now you can further gild the aesthetic appeal of this wonderful martini with the "cosmo" rimmer, luminescent pink sugars with hints of lemon & lime.
